Burning Questions

- How can Virginia improve high school graduation rates while increasing students' preparation for college and careers?
- How can Virginia improve the preparation, recruitment, and retention of Virginia's educational personnel, including their meaningful and ongoing professional development, especially in teacher shortage areas and in hard-to-staff schools?
- How can Virginia improve performance of the public workforce system?
- By what means can Virginia's public workforce development system meet the needs of job seekers/workers and employers?
