

## Technology Areas

The following are link(s) to **OPEN** RFIs:

[Ground-Based Wildfire Sensors at the Urban Interface](#)

The following technology areas have been previously solicited and are now closed. The links provide the original RFIs for these technology areas.

1. [CLOSED] [Navigation and Sensors](#) – Autonomous navigation for indoor drones in support of search and rescue missions
2. [CLOSED] [Indoor Building Sensor Suite](#) – IoT sensor suite for fixed installation within buildings
3. [CLOSED] [Smart Hub](#) – Responder Interoperability platform
